Friends of the Max-Planck-Gymnasium Böblingen Society

When money is tight, the importance of private support is tremendous. In the context of this development, *Friends of the Max-Planck-Gymnasium* was founded in 1997. It's our aim to boost the educational work at the Max-Planck-Gymnasium both financially and in nonmaterial ways by assisting with various activities and supportive measures.

Additionally, the society dedicates itself to promoting the interests of the Max-Planck-Gymnasium in public and fostering the personal bonds of students, parents, teachers and former students/staff to the school and each other.
